Schuler also noted that all easement and right-of-way matters have been cleared up and all right-of-way for the project is now available.
The only further procedure required, the mayor said, is a review of the plans

to be born before they could ge mother to the hospital.

They called the hospital and were put in contact with Dr. Richard Anderson, who talked them through the delivery. The doctor said he told the EMTs what to look for in the way of complications.

At one point, there was a problem with the cord being wrapped around the baby's neck. The EMT's slipped if free and at 8:09, 20 minutes after the call came in, the baby girl was

born.

Mother and child were taken to St.

both did a good job.

The baby girl is the first to be
delivered by members of the fire
department ambulance crews. Part
of the EMT training has to do with
delivering babies, but Mrs. Gilmore
was the first maternity call where
there was no time to transport.

Both EMTs praised St. Elizabeth Medical Center and Dr. Anderson Medical Center and Dr. Anderson for the cooperation shown during the emergency. "Mrs. Gilmore was much more at ease when she realized that a doctor was at the other end of the phone," Kielty said. "The cooperation from the hospital personnel made the whole thing a lot easier."

Although the Gilmore child was the first to be delivered by Asadorian and Kielty, they both felt they were ready. "We've been waiting a long time, training and ready and they were a sort of a day," and they were the sort of a day, "Kielty added, "It was exciting, the real thing is a lot different from the training films. Startles you a bit. It's not something you do every day," The two are receiving a lot of attention for their efforts, with people and co-wprkers wanting to interview and congratulate them. "It's nice to know people are interested," Asadorian said.

"I'll tell you one thing, Bringing a new life into the world sure makes you feel good."

Emerson School room mothers field their first 1979-80 meeting in late September, Bill Sternberg, PTA president, introduced the officers and explained the functions of the PTA. Many parents attending the meeting were those of children who had attended McKinley School last year. Joseph Haefner, Title I reading instructor, explained the new Reading Is Fund a mental (RIF) program of the second o

Fundamental (RIF) program.
RIF will allow students of Emerson School to receive three free books during the 1970-80 school year.
The idea of the program was well received by those attending. Several parents volunteered to be helpers in the RIF program.

Gardening in October; first freeze on 25th?

By CHRIS DOLL

Area Garden Adviser
October should be a month to enjoy the fruits of your labors and the Indian Summer weather.

It's a nice time associated with gardening And it's a good time to evaluate the 1979 garden and make plans for next year.

Here are a few suggestions on what to look for:

—Dig sweet potatoes since there isn't much to be gained by leaving them in the ground any longer. Dry soil will make the job easier.

—Keep crops such as

—Keep crops such as broccoli, tomatoes, peppers, squash, beans, etc. growing until frost by killing pests as

until frost by Killing perso anneeded.

—Clean up the garden acrops are harvested and add the vegetative mateials to the compost pile.

—Collect a soil sample for testing. The results of a soil test should be returned to you within a month and soil treatments can then be made this fall.

this fall.

—Pumpkins and squash should be picked when mature. Leave the stem attached and store in a cool, dry room.

—Raspberry ; foliage should be green and healthy.

If your planting appears otherwise, resolve to follow a spray program for disease control next spring.

—Grape vines should also have green foliage at his indicate a droughly site, low indicate a droughly site, low fertility, or disease infection. A good spray program during the summer will keep the foliage healthy and give better yields of good fruit.

—Winter, apples can be picked and stored. The best storage is a refrigerator, but any cool storage with high relative humidity is good. Fruits may be wrapped in newspapers, bench given for the programmer of the prefrigerated storage works the best.

The Chicago suburban community of Oak Brook (population 5,280) which is because of the property of the property community for the state and nation, levies a property tax only for the returnment of bonds and for pension purposes.

The City of Springfield reflects the trend toward more overall reliance on the sales that and in 1975 the sales tax accounted for only 14.4 percent

Sales tax growth rates have been down in Spring-field and some other cities this last year because of economic uncertainty and the threat of a severe recession that could further severely cut consumer spending in the months ahead. By the same token, the threatening gasoline shortage and the resultant high prices could seriously reduce revenue from that source, causing additional problems for the state and cities.

Motocross gang creates terror

You've heard perhaps of the Hell's Angels, of the West Coast. But I doubt if anyone, with the exception of my neighbors, has ever heard of the My Street Motocross Gang.

The gang is made up of boys 10 to about 13 years old who ride motocross bicycles and the motocross bicycles is through the word of the strength of the pounger kids.

As they come rumbling

As they come rumbling down the street, popping wheelies and doing freestyle spins, every kid in their path heads for the safety of house

neads for the safety of nouse and Mother. Everybody knows that you don't mess around with the motocross gaing. You might find yourself as part of the

street.

No one seems to know where they came from. Seems that last year they

William A. Dalton, 34, of 2038 Washington Ave., was charged with disorderly conduct at 5:05 p.m. Saturday after police alleged he threatened to reak the parked at Trattler's store. Police said they were called when a man carrying a piece of pipe entered the store and demanded to know who was parked behind his car and that he was going to break out the windows. A woman customer said it was her car, but the man continued to use loud, abusive language, police said.
